# MESSAGE

I am pleased to know about the Global Sustainability Summit (GSS)2026 and its virtual launch organized by the India Institute of Sustainable Development (IISD), New Delhi, in collaboration with Dr. Homi Bhabha State University, Mumbai, by Industry Partner D-Link (India) Ltd. Mumbai, on the occasion of World Environment Day.

I appreciate the efforts of IISD in promoting sustainable development. The summit highlights environmental stewardship, climate resilience, and responsible governance through this important national initiative. The theme (#NowForClimate) of the Summit is timely and aligns with India's commitment towards environmental conservation, sustainable growth, and the vision of a cleaner and greener future.

I convey my best wishes to the organisers, distinguished participants, and all stakeholders associated with the Global Sustainability Summit 2026. I am confident that the deliberations and exchange of ideas during the Summit will continue meaningfully to advancing sustainability and environmental awareness for the benefit of society and future generations.
